CONSULT
Inspiring Confidence, Remarkable Results

How You Will Benefit

Gives you increased efficiency – frees you to focus on core tasks

Much more efficient reporting – less stress, faster decision making & happy teams

Faster & more reliable invoice verification and hence payment

Better tracking of customer metrics for quicker interventions

Accessible anywhere – whether at home or in the office you can still be productive

Faster identification of process gaps and hence remedial steps

Less customer complaints and inquiries about loadings

Workflow notifications – you know when your colleagues are done & can start your work immediately

Support for You

We have structured WARP-D services in such a simple way that anyone can use WARP-D. To support you, we have uploaded the following materials on your login page.

➢ **Live Practice Zone** – You can improve your WARP-D skills using the live practice zone. It's the same as the real one but here you can learn from mistakes at no cost to you or your customer.

➢ **Training Videos** – Improve your WARP-D skills at your own time and anywhere. Just launch the video and follow along; voila you are a guru.

➢ **User Manuals** – WARP-D is tailored to match every day computer activities that any layman can handle. So WARP-D gives higher efficiency but has a short learning curve making the change so simple.

➢ **Hotline** – If all the avenues above aren't working for you, just call us on any of these lines below saying, "Hi, I have a WARP-D challenge" and we will sort it for you.

0266352282 (Gideon), 0548254389 (David) or 0307033535 (Faustina).

A Few More Words

We look forward to receiving your feedback about your experience some time in the future and we welcome any suggestions you may have to improve our services to you. Have a beautiful day.
